# FaceBase 2025 Poster Session

The 2025 FaceBase Community Forum will host a poster session on **Tuesday, June 3 at the Information Sciences Institute (ISI) in Marina del Rey (Los Angeles, CA)**.

## Overview:

- Participation is only available in person.
- Use the registration form to sign up for the poster session and describe your topic.
- You must submit an abstract (DOCX) .
- You will be asked to present a "lightning talk" at the beginning of the poster session.
- All poster presenters must provide one slide and a poster PDF.
  - **Lightning Slide (PPTX):** One slide to be used during your "lightning talk" - during the first 30 minutes of the poster session. This talk should be a concise, "elevator pitch" version of your poster.
  - **Poster (PDF):** High-resolution PDF of the poster for remote attendees.
- Presenters must bring their printed posters to the meeting and hang them using provided materials before the poster session..

## Important Dates:

- Submit your abstract to [this Google Drive](#) by **Friday, May 16**. (See abstract requirements below)

- Acceptance notifications will be sent by **Friday, May 23**.

- Upload your poster PDF and lightning talk slide to [this Google Drive](#) by **Friday, May 30**.

- Poster Session is on **Tuesday, June 3 at 3:20 pm PDT**.

## Topics

- We encourage submissions of clinical/translational cases, ML/AI and training scenarios as well as basic science.
- Scientific progress or accomplishments that advance [FaceBase aims](#).
- Demonstration of how FaceBase data is used or reused for new scientific insights.

# Abstract requirements:

- Submit using a Word doc (DOCX format, although we will also accept DOC).
- Exclude figures, tables, or a reference list.
- Limit the abstract **title** to 10 words.
- The abstract **body** should not exceed 250 words.
- Use the abstract template at this link.

# Poster details:

- POSTER PREPARATION: Your research mentor is the best source of information on how to prepare your poster. We suggest a poster size of **36" x 48" in landscape orientation** (this is standard for many professional conferences). There is also a wealth of information on scientific poster presentations online. Here are a few places to start:
  - https://guides.nyu.edu/posters
  - https://www.aje.com/en/arc/ways-to-create-great-research-poster/
  - https://www.uoguelph.ca/ib/sites/uoguelph.ca.ib/files/public/Creating%20an%20Effective%20Scientific%20Poster.pdf
- Set up posters in the designated room at the meeting venue between 3:00 pm and 3:20 pm PDT. This will be listed on the agenda.
- Materials for displaying posters will be provided.
- Upload your poster PDF and slide to this Google Drive by **Friday, May 30**.
